

AMENDMENTS VOTED DOWN

Reading of Tariff Bill Pro-
gresses Slowly in the
Senate

WEEKS ATTACKS UNDERWOOD BILL

Denies Living Cost Will Be
Reduced—Works Also
Against Bill

Washington, July 25.—Republican
senators continued to offer amendments
to nearly every paragraph of the Under-
wood-Simmons tariff bill when its
reading was resumed yesterday and the
Democrats in solid phalanx voted them
down.

Little progress was made, the time be-
ing taken up with general debate.

That a reduction in the tariff will
neither reduce the cost of living, curb
the trusts, bring about a fairer distri-
bution of wealth nor restore competi-
tion, was the argument of Senator
Weeks of Massachusetts in a speech
packed with statistics which he deliv-
ered in the Senate yesterday.

He declared the recent increase in the
cost of living was chiefly due to the
growing density of population, although
he said the American workingman can
buy twice as many necessities of life
with an hour's wages today as he could
a century ago. The British workingman
can buy less than the American, and
the German less than the Englishman, with
his wages, the senator asserted. The
effect of a tariff reduction, he predicted,
would be to curtail the running time of
American mills, thereby reducing sharp-
ly the income of the workman, who in
turn could buy less. This would in turn
cause prices to fall, and the factories
must again reduce their output.

In this connection, Senator Weeks al-
luded to the threatened investigation by
the department of commerce into the
closing of any factories in order to force
wage reductions, and described the man-
ufacturers as "between the devil and the
deep sea."

He suggested that Secretary Redfield
investigate the reported intention of

Billiousness Is Cured by HOOD'S PILLS 25c.

Gov. Foss of Massachusetts, with whose
business the secretary was fully fa-
miliar, to move his plant to Canada.
Senator Weeks of California, attack-
ing the tariff bill, charged that Pres-
ident Wilson exceeded his constitutional
authority by aiding in framing the bill
and "using his powerful influence to
have it passed in the form approved
by him and known to have his approv-
al."

The senator also assailed the Demo-
cratic caucus, which he declared forced
a senator to "forego his own consci-
entious convictions and judgment and vote
with his party or come into disfavor
and be branded as an apostate and be-
trayer of his party."

"The president," said Senator Weeks,
"commits himself beyond recall to a
bill not yet introduced and without hav-
ing heard the presentation of their views
by the legislative representatives of the
states where vital interests and impor-
tant industries are to be affected by it.
Thus we have a bill agreed upon and
marked for final passage upon consid-
eration only by a few men of the party.
This comes in part from the vicious
doctrine that the president is the leader
of his party instead of, or as well as,
the president of the whole people. The
two are utterly inconsistent when it
comes to the making of laws."

BON-ACCORDS BOOST THEIR STANDING

By Defeating Green Mountain Club at
Soccer Football, Score Yesterday
Afternoon Being 3 To 1.

Before a mere handful of spectators
on the old Rangers' field late yesterday
afternoon, the redoubtable Bon Accord
club added to its standing in the Ver-
mont Football league by defeating the
rejuvenated Green Mountain club by the
score of 3 to 1. The slippery condition
of the field rendered playing conditions
bad. Having suffered a succession of ill-
fated defeats since the institution of
the league the Green Mountain club ar-
rayed its strongest personnel of the
season, springing a surprise on the Bon
Accord crew. While not having an ad-
vantage over the Bon Accord soccer ex-
perts, the Green Mountain team revealed
the benefits of consistent practice during
the past week at the south end field.

Notwithstanding the slippery ball, many
thrilling and versatile plays were ex-
ecuted by both teams. Watt and Bisette
starred for the losing team. Bisette
shifted his position in the team from
back to half back and his powerful of-
fensive and defensive tactics kept the
winning team in a continuous state of
worry. Bisette's endurance instilled
great confidence in his teammates and at
times Bisette in co-operation with other
backfield men smashed up many dan-
gerous plays. The playing of Even
and Forsythe of the winning club was
conspicuous every minute of the play.

Forsythe, forward, brought the spec-
tators to their feet many times with bril-
liant streaks of dribbling; on several
occasions he wormed his way through the
entire field only to be stopped by the
powerful backs of their seniors. Cor-
mick's work in the center of the field
enhanced the winning combination.

"Bob" Even, an outside man of the
Bon Accords, was the first to pump the
pill through the net. Even registered
the first counter with an accurate "pate
shot." Naughton of the Green Moun-
tain team equalized the score at the
close of about twenty minutes of play
on a cleverly executed kick that passed
the vigilant Ross, reputed to be one of
the best guardians of the goal in the
Vermont league. Shortly before the first
half was brought to a close Cormick
shot through the defense of the Green
Mountain team and safely caged the sec-
ond goal for the winners. The only
scoring to be accomplished in the final
period was perpetrated by Forsythe, a
new member of the Green Mountain
combination. He lodged the ball be-
hind his opponents' posts just a few
moments after the second period had
been announced. The line-up:

Bon Accord. Green Mountain.
Ross. Robertson.
J. Forbes. Naughton.
Fraser. Watkins.
B. Palmer. Watt.
Cormick. Forsythe.

tain 1. Goals—Even, Cormick, Naughton.

Miners and Watchmen
in West Virginia

RIOTING NOT YET ENDED

Cabin Creek Has Been the
Scene of Trouble Since
April, 1911

Charleston, W. Va., July 25.—Four
men were killed yesterday in a battle
between striking miners and watchmen
employed by the Wake Forest Coal Co.
at Wake Forest on Cabin creek, the
scene of rioting and bloodshed since the
coal strike troubles started in April,
1911.

The dead are Frank Ginn and a coal
company watchman and two unidentified
men of the attacking party.

DE LUXE VICTIM FOUND DEAD IN BED

Body of Miss Katherine M. Eager Found
at Hotel Nightingale in Roxbury,
Mass.—Had Been Dead
Five Days.

Boston, July 25.—Miss Katherine M.
Eager, 55 years of age, living at the hotel
Nightingale, Dudley street, Roxbury,
who testified before the grand jury in
connection with the first indictments in
the case of the "De Luxe" book swin-
dles, was found dead in bed yesterday
morning. Medical Examiner Leary was
called.

She is supposed to have lost a sum
of money on the books above men-
tioned.

The woman had been dead five days
when her body was found.

DEAD IN BED.

Mrs. Mayer's Demise Hastened by Grief
Over Husband's Death.

Middleton, R. I., July 25.—Mrs. Alice
Prescott Mayer, aged 60, widow of Wil-
liam H. Mayer, a well-known four-in-
hand driver and socially prominent, was
found dead at her country estate yester-
day.

Death is ascribed to "natural causes,"
but was hastened, according to friends,
by grief over the demise of her husband
a few months ago, from the shock of
which she failed to recover.

ONE BURNED TO DEATH.

Five More May Die as a Result of an
Oil Well Explosion.

Tulsa, Okla., July 25.—Charles M.
Wright, a well driller, was burned to
death and five fellow workmen were
probably fatally injured and an oil well
set on fire yesterday as a result of an
explosion, which occurred when a burn-
ing match with which a youth had
lighted a cigarette came in contact with
gas escaping from the well.

Efforts to extinguish the fire last night
were unsuccessful.

GAS TANK EXPLODES ON TRAIN.

Scores Have a Narrow Escape, and Two
Are Thrown by Shock.

Melrose, Mass., July 25.—Scores of
persons had narrow escapes from death
and hundreds of panes of glass were
smashed yesterday, when an acetylene
gas tank, six foot long and a foot high,
exploded on a Boston & Maine freight
train. The tank crashed through the
side of the car, soared high in the air
and buried itself in the station platform
when it descended.

A newsboy and a passenger who was
buying a paper were thrown from their
feet, the tank barely missing them. The
loss is estimated at \$1,500.

SEVEN KILLED IN EXPLOSION.

Nitro Glycerine Blows Up Building at
Beloeil, Quebec.

Beloeil, Que., July 25.—Seven lives
were lost yesterday when an explosion
of nitro glycerine blew one of the iso-
lated buildings of the Canadian Explosives
company to bits and scattered the dis-
membered bodies of four men and three
girls in every direction.

Blown To Pieces.

Rochester, N. Y., July 25.—Several
sticks of dynamite which John Ever-
ett, aged thirty-five, was carrying in a
basket out of a shed in the heart of the
village of Honeoye Falls yesterday
morning, exploded and blew Everett to
pieces. The shed was reduced to splin-
ters, nearby buildings rocked, windows
broken for a wide area and the resi-
dents thrown into a panic.

A Stricken Family.

Knoxville, Tenn., July 25.—Three chil-
dren of Mr. and Mrs. John Cooper of
Townsend, Tenn., were fatally bitten
by rattlesnakes late Wednesday and
while Mrs. Cooper sought for them, an
infant she had placed near the bank of
a stream fell into the water and was
drowned.

MONOPOLY IS ALLEGED.

Federal Suit Against Telephone Com-
pany Is Begun.

Portland, Ore., July 25.—Dissolution of
the alleged telephone monopoly on the
Pacific coast created by the American
Telephone & Telegraph company, the so-
called Bell telephone trust, is sought by
Attorney-General McReynolds in a civil
anti-trust suit filed here yesterday.

It alleges monopoly in Oregon, Wash-
ington, Montana and Idaho, in violation
of the Sherman law. Sixteen corpora-
tions and 25 individuals are named as
defendants.

Rain Stops Races.

Buffalo, July 25.—Heavy rain caused
a postponement of the Grand Circuit
races yesterday after one heat in two
events had been run off.

REFORM FOR NEW HAVEN

Radical Change of Policy Is
Now Proposed for
the Road

APPLIES TO ALL DEPARTMENTS

The New President Will Be
a Mere Figure-
head

New York, July 25.—Not only a new
head of the New York, New Haven &
Hartford railroad system to succeed
President Mellen, but radical changes in
the financial and operating policy with
a revolution in the machinery of execu-
tive management, will be recommend-
ed by the sub-committee of directors,
which will report to the full board to-
day.

This was indicated yesterday by a
leading member of the committee, who
said that whoever was selected to suc-
ceed Mr. Mellen probably would have a
different title than president—that of
chairman of the board, who would be su-
preme over the entire system, including
the Boston & Maine and the steamship
and trolley lines.

This director intimated that the title
of president of the New York, New
Haven & Hartford railroad proper would
be conferred upon another man, who
also is to be recommended at to-day's
meeting.

This official would be a subordinate of
the chairman and the heads of the other
divisions of the New Haven system
would occupy similar subordinate posi-
tions. Changes in the bylaws of the
road would be necessary, he said, in
order to affect this re-arrangement.

To the new head of the system, who
according to general expectation in Wall
street, will be Howard Elliott, president
of the Northern Pacific, will be given
the task of working out the proposed
change in policy. What these will be
were not specified, but it was intimated
that they might include the divorce
from the New Haven of its control of
trolley lines. This would meet one of
the criticisms of the interstate com-
merce commission.

No information could be obtained as
to whether the committee favored the
eventual separation from the system of
the Boston & Maine and the steamship
lines, but the impression was gained
that these questions would be further
considered after the election of the new
head of the system, who will be given
plenty of time, to work out the new
plans.

LAMAR ARREST IS DELAYED

Because He Is in Washington—True Bill
Was Found Several Days
Ago.

New York, July 25.—The indictment
of David Lamar, the Wall street op-
erator, on the charge of impersonating an
officer of the government for purposes
of fraud, was announced yesterday by
the United States district attorney, H.
Snowden Marshall.

The indictment was found by the fed-
eral grand jury several days ago, but
publication was withheld, owing to the
fact that Lamar was not in this federal
district at the time.

No attempt will be made to arrest
Lamar, who is now in Washington, until
he returns to this district.

The indictment charges Lamar with
impersonating Congressman A. Mitchell
Palmer of Pennsylvania, February 8 last,
for the purpose of defrauding Lewis Cass
Ledyard, J. P. Morgan, and the United
States steel corporation.

ITALY HOLDS ALLEGED SLAYER.

Reverses Action Followed in Porter
Charlton Case.

Camden, N. J., July 25.—County Pro-
secutor Kraft yesterday received a spe-
cial letter from the authorities at Ter-
rano, Italy, stating that they were de-
sirous of trying the case of Ilario Di
Antonio, captured in that city on July
13, for the murder of John Gallagher,
whom Di Antonio stabbed to death in
this city on Dec. 8 last. Kraft imme-
diately wrote Secretary of State Bryan,
asking his aid in the extradition of Di
Antonio.

The case is attracting considerable at-
tention owing to the circumstances be-
ing the exact reverse of those in the
Porter Charlton affair.

QUINLAN RELEASED ON \$5,000 BAIL.

Leaves Prison to Find Paterson Strike
Ended.

Paterson, N. J., July 25.—Patrick
Quinlan, the Industrial Workers of the
World leader, who was sentenced to a
term in state prison for inciting the
striking silk mill workers to riot, was
brought here from Trenton yesterday
and released under \$5,000 cash bail. This
was furnished by Fred L. Warren of
Girard, Kansas, editor of The Appeal to
Reason.

RESIGNS AS PROTEST.

Ice Company Raises Price and President
Steps Out.

Providence, R. I., July 25.—As a pro-
test against the decision of the directors
of the Providence Ice company to in-
crease the price of ice, President Frank
P. Comstock resigned yesterday af-
ternoon. The high price of ice in Pro-
vidence caused a recent investigation by
the city council, which reported the com-
pany deserving of severe condemnatory
criticism.

PINKHAM HAWAII'S GOVERNOR.

Nominated Yesterday Afternoon By
President Wilson.

Washington, July 25.—President Wil-
son yesterday nominated L. E. Pinkham
of Hawaii to be governor of Hawaii.

IN THE FIELD OF SPORTS

With Johnson and Boehling able to
turn in a victory about every time they
take the mound, there seems to be hope
of the Washington club getting in the
American league race. Backed by a
couple of other fair twirlers, who would
be able to turn the trick once in a
while, Washington may be heard from.

The Boston Braves are off on their sec-
ond western invasion. They will not
return to Boston until Aug. 12. Good
results are expected of the team on this
western trip.

"Lefty" Hamilton, the premier pitch-
er of the St. Louis Browns, ran up
against the rocks on Wednesday when
his record of eight straight victories was
halted by the Philadelphia aggregation.
Hamilton, nevertheless, is one of the star
moundsmen of the American league.
Hamilton was ambitious to take up the
trail of Boehling, the Washington heav-
en-trail.

Boultes, the pitcher who was tried out
with the Boston Braves a few years ago
and who has since been playing in the
infield with the New England league, is
covering the last way station for the
Bridgeport club in the Eastern associa-
tion.

"Bob" Smith, the former Hardwick
pitcher, is going a fast gait. He has
a pitching record of four wins and one
defeat for the Pittsfield team. It is
said that DuChesnell is to go to the Chi-
cago Americans next spring.

The pedigree of Chappell, the newly
acquired outfielder of the Chicago Amer-
icans, has been set right. Chappell's
name is not spelled Chappelle, the "e"
being dropped. He claims that he is an
American and not French, as the ma-
jority of the people are inclined to be-
lieve. LaVerne, though, is his Chris-
tian name.

The Pittsburgh Pirates have bought
pitcher Delhi of the Great Falls team
of the Union Association league. Delhi

was formerly with the Los Angeles and
the Chicago Cubs.

Ostergren, the former Holy Cross first
baseman, entered a plea to be released
from the work of manager of the Keene
club in the Twin State league. John
J. Donovan has been appointed man-
ager in his stead. Ostergren presented
the argument that the manager should
direct play from the bench. While act-
ing as manager, Ostergren was unable
to show his true form, owing to the in-
cessant worry incurred by his laborious
tasks. He will, however, continue to
act as captain and hopes to place the
Keene club at the top of the league at
the close of the season.

Connie Mack, evidently pleased with
the showing of Brickley with the New-
port club, has recalled him. Brickley
while with Newport hit the pill for
around .500. Mack will probably try to
use him some before the season is
closed.
